**This and all our events are successful due to the assistance of a number of volunteers and supporters. This year, as promised, the classes will not be collecting money from you to make a class auction basket. PTG thus needs your help! This is one of our largest fundraisers of the year. In order to make our auction successful, we need help securing donations to create the wonderful items we will auction off.**

**We are asking assistance in getting items to be auctioned off in either the live or silent auctions. If you, your business, or someone you know can donate a new/unused item or service to auction or that we can build an auction item around, we need you!! PIP points are available (1 PIP point for every \$25).**

**Gift card donations are also welcome and helpful.**

**Thank you in advance for your help.**
